

FDB 12 Industrial RCD/MCB

**FOR ALL
INDUSTRIAL
APPLICATIONS**

**RCD/MCB
PROTECTION**

**DUST AND
WATERPROOF**

**OTHER VERSIONS
AVAILABLE WITH
WIDE CHOICE
OF OPTIONS**

A range of single phase earth leakage protection units suitable for 240V (or 110V) supplies. (Please refer to FDB15 data sheet for 3 Phase protection).

Comprising a choice of high or medium sensitivity RCD's, featuring solid state electronic circuitry for stability and immunity from spurious tripping, together with a double pole MCB to provide overload and short circuit protection.

Housed in robust, lockable steel enclosures, sealed against ingress of dust and moisture (IP65), this range is suitable for virtually any industrial application.

Options available include fixed time-delay RCD's (40mSec to 180mSec) for discrimination with other circuits and halogen-free G.R.P. enclosures for harsh or hostile environments.

Other composite units in the FDB12 range include:-

FDB 12-6 = FDB12 + EMGUARD Earth Continuity Monitor.

FDB 12-7 = FDB12 + EMGUARD + Socket Outlet

FDB 12-8 = FDB12 + Socket Outlet

FDB 12-9 = FDB12 + Adjustable RCD

Specification

Voltage:	110/120V 50Hz 220/250V 50Hz
Ratings:	As below
RCD:	To BS4293 (where applicable)
MCB:	2 Pole 6KA to BS3871
Enclosure:	Zinc coated steel, hinged door. Gland plates top & bottom. Protection: IP65
Finish:	Epoxy Powder – Mist Grey (RAL 7032)

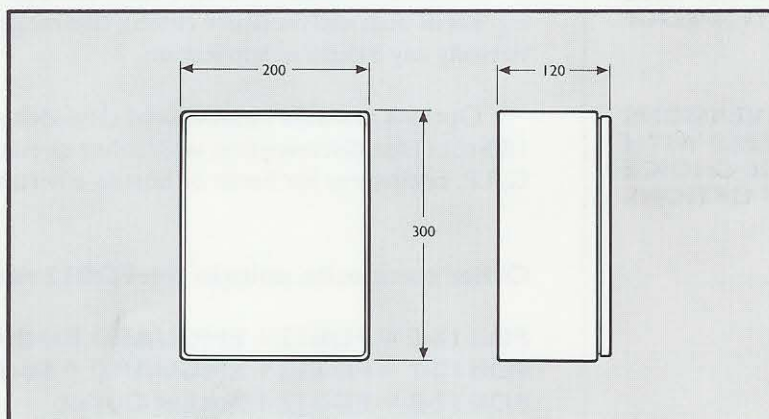

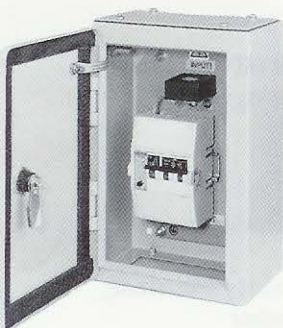

As with all our products we are happy to tailor our standard specification to suit individual applications.

Order Reference

Current rating (amps)	Rated Tripping Current			
	20mA	30mA	100mA	300mA
10	I2B1020	I2B1030	I2B10100	I2B10300
15	I2B1520	I2B1530	I2B15100	I2B15300
20	I2B2020	I2B2030	I2B20100	I2B20300
30	I2B3020	I2B3030	I2B30100	I2B30300
40	I2B4020	I2B4030	I2B40100	I2B40300
60	I2B6020	I2B6030	I2B60100	I2B60300

To specify 110 Volt units add suffix /110 to order reference.
